

EGYPT 1910: The first shop for engraving and construction of stamps, signs and plates is established. The high quality, which always signalises A.Antoniades's constructions, places him among the most famous and reliable engravers.

GREECE-PIRAEUS 50's: After the 2nd World War, Evangelos Anoniades establishes the first shop for engraving, woodengraving and construction of stamps and plates in Piraeus. The tradition is being continued by the worthy company E. Antoniades & Co., which expanding their business activities, deals also with the representation - import - trading of graphic art machines and coconsumer materials since 1980. The successful partnership with some of the most known factories (AZ Italy - COLOP Austria - GCC - RITRAMA Italy - CIEMME Italy) gives the flexibility to PANTELIS EVANG. ANTONIADES of offering to their customers completed solutions in the graphic art sector and of covering their necessities in the best possible way, providing the machines and products, which are represented in the Greek market with full technical support and service.
